PATENT

In the Specification:

Please cancel the "SEQUENCE LISTING", pages 1-10, submitted August 9, 2001, and insert therefor the accompanying paper copy of the Substitute Sequence Listing, page numbers 1 to 10, at the end of the application.

REMARKS

Applicants assert that the request for a Substitute Sequence Listing and the Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures, mailed October 1, 2002, accompanied by a Raw Sequence Listing Error Report dated August 17, 2001, was issued in error. The Raw Sequence Listing Error Report dated August 17, 2001 also accompanied the previous Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures mailed January 8, 2002, which pertained to the original Sequence Listing submitted August 9, 2001, whose diskette was dated August 8, 2001. Applicants supplied a corrected Substitute Sequence Listing paper copy and CRF, dated February 5, 2002, and submitted March 1, 2002. For the convenience of the Examiner, the enclosed Substitute Sequence Listing paper copy and CRF are a duplicate of those submitted March 1, 2002.

Applicants request entry of this amendment in adherence with 37 C.F.R. §§1.821 to 1.825. This amendment is accompanied by a floppy disk containing the above named sequences, SEQ ID NO1-14, in computer readable form, and a paper copy of the sequence information which has been printed from the floppy disk.

The information contained in the computer readable disk was prepared through the use of the software program "PatentIn" and is identical to that of the paper copy. This amendment contains no new matter.
